

7 June 2017

Dear Parents/Carers,

Changes to the School uniform ordering procedures

I am writing to advise you that we are shortly to change our procedures, for parents, when ordering School uniform.

In order to provide a better solution for parents, we have decided to arrange an online shop direct with the uniform suppliers, Price and Buckland. This service will give you the additional opportunity to purchase uniform during holiday periods. Price and Buckland will be able arrange to deliver the uniform either direct to your home (for a small fee) or alternatively to school where it may be collected.

We will continue to hold a small stock of the most requested items (ties and socks) in school, which will enable us to cover emergency situations. These may continue to be bought direct from the Finance Office or via the Parentmail portal. Uniform will also still be available to purchase from Instant Images in South Street, Torrington.

We will continue to hold garments that may be used for sizing purposes.

I attach a brochure from Price and Buckland, outlining the service. Once the new service is operational there will be a direct link to the Price & Buckland online shop (www.pbparentsonline.co.uk/gtsacademy) on the School website.

Yours faithfully

Chris Ward
